

HOLKHAM

PRE-VISIT ACTIVITIES – HOLKHAM FOOD AND FARMING

Investigate the crops which farmers around your school grow.

Draw a picture of a fallow deer and label the different body parts and/or adaptations.

Look up 'arable' farming and discover crops grow from seed.

Research how different areas of England grow different crops and animals.

Research different pieces of farm machinery and the jobs they do on the farm.

Visit a nearby field or hedgerow to see what's growing in it.

Label different parts of a plant.

Discover what's in soil by digging a hole and looking at it.

Research Holkham Farming Company on the Holkham website. What crops do they grow? How many people do they employ?

Find out what plants need to grow and what different plants of parts we eat e.g. tubers – potatoes, seeds – beans

Find out what game meat is and when it is in season.

Create a menu for each season using the meat and vegetables in season.
