PROFESSIONAL & AMATEUR PHOTOGRAPHERS

Holkham does not permit photography or filming on its property for commercial use or for reproduction in any form without consent from Holkham Estate. Images taken on Holkham properties and land may not be sold commercially, submitted to photo libraries, agencies or on-line providers or provided directly to image buyers without Holkham Estate's consent, which may require a fee for the location licence. If it is found that photographers have done so, they will be asked to remove from the site without permission and charges will apply in accordance with Holkham location permit fees. Legal action could follow if required or deemed necessary given the exposure and/or use of the location in commercial photography.
